KEYSTONE DRY-CLEANING PLANT ROBBED BY THIEF

F. H. Hardy And Chief Hardy Frustate Robber; Police John B. Hairston Arrests John Hunt Suspect

Thursday night of this week, rather ast night between eight and nine o'clock one or two robbers, apparently some one knowing all about the Keystone Dry Cleaners place, broke in the establishment taking out quite a number of cleaned and pressed clothes, aiming to appropriate same to themselves. In aiming to make his escape ran up in the arms of Hon. F. H. Hardy, an old resident citizen who, noticing a bag out of the paper coverings, accosted the scoundrel and grabbing him by the coat the culprit then snatched away from him tearing his coat or rather leaving his coat and fled. Mr. Hardy quickly called the law, the Chief of Police Moore being near a search was instituted, many of the garments were recovered, Mr. Lortiz, the proprietor, who at the time was delivering a fur coat returned about 9 o'clock finding his door wide open, Police John B. Hairston, the next morning, detective as he is, quickly put his hands on the Negro John Hunt who recently worked for the same Dry-Cleaning establishment and lodged him in jail, there to await investigation. Robbers are running rampant all over the country these days and it behooves any and all people to awake stay awake and let officers be on their jobs.

Practically every article is recovered and all the proprietor had to do is to do cleaning and pressing.

SCALES MAKES FUSS ABOUT NOT RECEIVING THE TIMES

Complaint has been registered against the delay in receiving The McDowell Times paper by Mr. J. H. Scales, Barber at Northfork. His complaint is as follows: Most any and all the subscribers to The McDowell Times are found receiving and reading their paper on Friday and Saturday while, for some reason he does not receive his till either Sunday or Monday.

Explanation by the Times is to this effect, when one paper is sent to any Post office and by whatever mail one is sent, all are sent in the same mail. Therefore, we suggest that Mr. Scales call specifically for his paper and we predict same will be handed to him as the post master and mistresses are very fine people.

tioned in splendid and outstanding ways. The most notable, perhaps, being, the real emergency project of decorating the interior of the church at a cost of \$668.00

This effort was started and given up, as an impossibility at the time but finally taken up, again by our chairman, Mr. Brown, and with the cooperation of the other auxiliaries of the church, carried over successfully. Among which the Activity group deserves special mention for its interest and for the largest contribution toward the completion of the project.

The finish work we all appreciate and enjoy.

For each succeeding year, the organization has sponsored a get-together meeting with program speaker music, and a luncheon or a treat for the younger folks as a special feature.

The president feels that the club has a definite obligation to the church in the way of promoting its program. That each member should make his contribution to the general welfare and betterment, not only of church but also along regular material lines an dthat of spiritual advancement.

To that end the club members strive continually toward furthering the program of the church of Christ. Working wherever we find need or lack in the various departments or program of the church, the Sunday School, the Choir, the Young People's Society, the mid-week service as well as in other organized efforts.

Too much credit can not be given our leader, for his valiant leadership and dependability to see things thru. It is significant that the Emergency club has lived up to its name and purpose.
